FIBERCABLE 2 SUITE

FIBERTRACE 2 – FIBERCABLE 2

RELEASE NOTE

V 8.45

SEPTEMBER 2018

Note

This version needs a license version that is free of charge in case of upgrade of recent FiberTrace/Cable versions.

Without license, the software will work in its full FiberCable version for a 30 day trial period. After this trial period, the software will continue to operate, but in FiberTrace Viewer mode.

FiberTrace 2 / FiberCable 2

Improvements

➢ OTDR: min total loss threshold can't anymore be higher than max total loss threshold

➢ AP, WDM/OSA and LTS improved firmware synchronization between instrument and FiberTrace/Cable

FiberCable 2 Only

Improvements

➢ OTDR: Improved first event loss measurement in measurement report on very short links
